

Advanced systems for the enhancement of the environmental performance of WINeries in Cyprus (WINEC)

Deliverable 2

Report on the actors involved in the wine sector in Cyprus

Ms Lida Ioannou

Ms Margarita Vatyliotou

Dr. Despo Fatta-Kassinou, Head of GAIA

Summary

The involved organizations in the sector of wine in Cyprus have been identified in this Deliverable. These include the Wine Products Council which is operating under the surveillance of the Ministry of Agriculture and Natural Resources, the Viticulture and Oenology section of the Agriculture Department of the same Ministry, the Department of Environment which is the authority responsible for the implementation of the relevant law on water and soil pollution and grants the licenses for the wastewater effluent disposal and is also responsible for the implementation of the Packaging and Packaging Waste Directive, the Parliamentary Committees on Agriculture and Natural Resources and on the Environment and the Trade Service of the Ministry of Commerce, Industry and Tourism. A number of additional actors are also related to the wine sector including the Cyprus Wine-Manufacturers Association, the Cyprus Friends of Wine Association and the Cyprus Sommeliers Association. Finally, collective systems for the collection and recovery of packaging waste, companies responsible for the construction and operation of wastewater treatment plants as well as environmental consultancies that could assist wineries in environmental management activities are indirectly related to the wineries activities.

For more information about the complete deliverable please send an email to lioann01@ucy.ac.cy or mvatyl@ucy.ac.cy.
